SUMMARY

Results-driven DevOps Engineer with hands-on experience building and maintaining CI/CD pipelines, automating infrastructure provisioning, and deploying secure, scalable, and highly available systems on AWS. Proficient in Jenkins, Docker, Kubernetes, Ansible, Terraform, Bash, and Python, with a strong focus on infrastructure automation, system reliability, and delivery optimization. A self-starter who takes ownership end-to-end—from pipeline design to production monitoring and troubleshooting—and thrives in cross-functional team environments.

TECHNICAL SKILLS

Cloud Platform	: AWS (EC2, VPC, IAM, S3, ALB/ELB, Auto Scaling, CloudWatch, RDS, SNS, SQS, Lambda)
CI/CD & Build Tools	: Jenkins, Maven, GitHub Webhooks
Containers & Orchestration	: Docker, Kubernetes
IaC & Config Mgmt	: Terraform, Ansible
Programming & Scripting	: Bash/Shell Scripting, Python
Operating Systems	: Linux Administration (Ubuntu/Amazon Linux)
Networking & Security	: DNS, TCP/IP, Load Balancers, IAM Policies, SSH
Version Control	: Git, GitHub

PROJECTS

Highly Available 3-Tier Web Architecture

Tech Stack: AWS (VPC, EC2, ALB, ASG, RDS, NAT Gateway), Python, Flask, MySQL, Bash

- Architected a highly available, auto-scaling 3-tier AWS infrastructure using custom VPCs and Load Balancers.
- Automated server provisioning with Bash scripts and secured Amazon RDS databases in private subnets.
- Implemented AWS CloudWatch and SNS for real-time application monitoring and production troubleshooting.

Automated CI/CD Pipeline Architecture

Tech Stack: AWS (EC2, Security Groups), Ansible, Jenkins, Docker, Tomcat, Maven, Java, Git, Bash

- Automated AWS EC2 configuration and infrastructure provisioning using Ansible playbooks (IaC).
- Engineered an end-to-end Jenkins CI/CD pipeline triggered by GitHub Webhooks for seamless software delivery.
- Streamlined deployments by automating Maven builds and Docker containerization.

EDUCATION

Kongunadu College of Engineering and Technology

June 2019 – April 2023

B.E Computer Science and Engineering – CGPA: 8.68

Jeivikass Educational Institution

June 2018 – April 2019

Higher Secondary – Percentage: 71.6

Jeivikass Educational Institution

June 2016 – April 2017

Secondary – Percentage: 82.8

Certifications

- | | |
|---|----------|
| • Achieved completion of training program on AWS DevOps – Grade “A” - SLA Institute | May 2026 |
| • Achieved Certificate of Completion for AWS Cloud Practitioner CLF-C02 – Udemy | Feb 2026 |
